Find My Android Device:

<https://www.google.com/android/find?u=0>

You will have to login with your Gmail details to access the page and then it

There is another place you can see a timeline of your locations from your phone and that is here:

[https://timeline.google.com/maps/timeline?hl=en\\_GB](https://timeline.google.com/maps/timeline?hl=en_GB)
