

Stencil-making for Print Material List

- An image/ drawing to work from and use as your inspiration
- Cereal box/ acetate/ thin card – something that you can use to cut into for your stencil.
- A sharp pencil
- Craft knife or similar
- Paper – to print onto
- A paintbrush – if you have a stencil brush (with a flat end) that's great, but any will do
- Paint – acrylic/ gouache would be ideal, but we can try with whatever is to hand!
